The monthly press magazine of the Embassy of Angola in Qatar was established with the aim to strengthen ties between the two nations, offering an up-to-date and relevant overview of mutual topics of interest.

We've chosen a 100% digital solution in PDF format for the publication, combining technology with sustainability. By avoiding physical printing, we take a conscious and ecological step in reducing paper consumption and diminishing our carbon footprint.

The magazine is disseminated through the official embassy website. To ensure quality and relevant information, the embassy makes a judicious selection of the main topics covered in newspapers from Angola and Qatar. Each issue showcases the highlighted news covers, with direct hyperlinks to the original content. In this way, readers can easily click on the news image and be redirected to the newspaper that authored the article.

We deeply appreciate your readership and hope you continue to follow the future editions of our magazine
